

Arts in Education

STUDENT PERMISSION FORM 2019 - 2020

The Arts in Education Program is a partnership initiative between the Farnsworth Art Museum and mid-coast Maine schools. In this program, the Farnsworth Art Museum will work with your child's classroom and art teachers, their school's administrative staff, professional artists, museum educators, community members, and local students to connect their classroom's learning goals to the arts. We will use a variety of art forms and tools alongside visual learning techniques. Students will experience multiple visits to the Farnsworth Art Museum throughout the school year to study topics chosen by their classrooms and museum educators and to develop a piece of art for a final presentation. This program is offered free to our partnering schools with the generous support of grants, foundations, and individuals.

Permission:

I, _____, hereby provide permission for my child's participation in this Farnsworth Art Museum program, including permission for use of my child's artwork (i.e. written, visual, oral, object-based, performance-based, digital and/or other representations) for exhibitions, events, online materials, and other program-related purposes. I also provide permission for photographs, video, and other representations of my child to be used for program-related purposes, such as grant-writing, marketing, and other promotional/educational materials online or in print. I understand that program participants are not entitled to any compensation or payment for any work affiliated with this program.
